Wallace Nunn Named Board Chairman

Wallace Nunn, was appointed as Chairman of the Freedoms Foundation Board of Directors in September 2016. Nunn has been deeply involved in the restoration and maintenance of the Medal of Honor Grove. He also has had a crucial impact on the development of our Medal of Honor graduate teacher programs.

Freedoms Foundation Board of Directors

President and CEO, Congressional Medal of Honor Foundation, Arlington, VA

Christopher M. Rothey (Board Vice-Chairman)
President, Content Watch, Malvern, PA

Russell K. Schulz
Captain, United States Navy (Ret.), Doylestown, PA

In Memory of H. Ernest Smith
Member, Freedoms Foundation Board of Directors

We are all saddened by the loss of Board Member Emie Smith. Mr. Smith was a dedicated member of our board (July 2009-June 2017) and the Utah Volunteer Chapter. He is remembered for his many contributions to advancing the mission of the Freedoms Foundation. His assistance was immeasurable and greatly appreciated. The continued success of the nonprofits to which he devoted his talent, time, and resources represents his enduring legacy. We will all remain grateful for his service to the community, his active citizenship and his love of God and country.
A New Vision Brings New Horizons
Message from the Board Chairman

It is an honor to serve as Freedoms Foundation's Chairman of the Board, and I look forward to the pleasure of working with such a dedicated group of donors, volunteers, staff and directors. The Foundation has a great future and I feel privileged to be part of it.

All of us are challenged every day to sort through the massive amount of information that comes to us through a variety of media. Much of the information, and the decisions or positions we choose to take as a result, requires a knowledge and understanding of our democratic process, our individual role as a citizen and many cases test our individual character. Clearly, the need to continue to educate on and recognize engaged citizenship and individual character needs to become more of a priority in our schools and our nation.

I look forward to another successful year and beyond.

Sincerely,
Wallace Nunn
Chairman of the Board

Campus Updates
Buildings refreshed

The focus of campus improvements during the fiscal year was the Martha Washington and the MacArthur Buildings, which house the administrative offices, classrooms, dining room and dorm rooms.

- New tables and chairs in the Martha Washington classroom
- Carpet and tiled floors replaced in 75% of Martha Washington
- New lighting installed in portions of Martha Washington
- Public restrooms renovated in MacArthur Building
- Carpeting replaced on main floor of MacArthur and hallway on dormitory floor
- MacArthur patio repaired
- Faith of Our Fathers Chapel façade and steeple repaired
Teacher Grad Program Catalog Grows
Twenty-One Opportunities Now Available

Since 2013 Freedoms Foundation has grown and diversified its offerings to teachers, while also assessing pre-existing programs to ensure that they stay as relevant and vibrant as our new innovations. Now Medal of Honor (MOH) Legacy courses examine particular conflicts in greater depth than their initial offerings could do. We returned to our roots, offering programs on the Constitution and Free Enterprise. All while staying true to our mission and providing teachers with development opportunities on scholarship.

"The American Revolution South program was unmatched in its program design when compared to other professional development I have experienced. The instructor shared valuable insight into how to teach the content in a meaningful way. He evidenced methods that would allow my students to make better connections to the subject and understand events within a proper historical context of the American Revolution. At end he helped to make me a better teacher."

Graduate Teacher Programs Growth Continues
300 teachers in attendance
We had an incredibly successful summer, with exactly 300 teachers in 6 programs. We offered four programs in the Medal of Honor Legacy seminar series, including iterations of the War on Terror and Vietnam. We also had a Constitution seminar entitled: Our American Experiment, which included teachers involved in a professional development grant from the US Department of Education called the James Madison Legacy Project. Finally, we also included one of our traveling History Workshops, Presidential History & Heritage: Virginia.

Real-World Impacts

Freedoms Foundation Grad Teacher Programs

“Love. Honor. Remember. Respect. These are just a few of the words that came to mind during my week at Freedoms Foundation’s Medal of Honor Legacy program. It is a powerful experience that will resonate with me for many years to come. You have provided me with an amazing array of contacts, resources, skills and experiences that I can take back to my fellow colleagues and students. In essence, you have helped me become a better person and better teacher through this experience.

Programs like the ones at Freedoms Foundation are invaluable. I am fortunate enough to serve students in an urban, under-served community. Positive role models, strong character development and messages of hope can truly set them on a different course. If you can reach a child in my community and show them how deeply others care for one another, you not only affect that child—you affect their family, their neighbors, their community and society. Without you, many of my students would never be able to imagine a world different from the one they live in. They may not know what valor, integrity, sacrifice and true commitment look like without these examples. They may not realize that freedom isn’t free, and that each one of them has an important role to play as responsible citizens.”

Pam McNulty
Norristown Area School District, Norristown, PA

One can measure the impact of a program via numbers and statistics but communications like this leave no doubt we are doing something important and valuable for the nation.

History Encounters Experiences Growth

Over 10% increase in Student Participation

The History Encounters Education Tours is adapted for elementary, middle and high school but at present it is primarily an elementary school program with four of the schools sending their fifth graders and one school its eighth graders. History Encounters leaves a lifelong impression on students giving them a first-hand glimpse into our country’s history.

A New Track of Study Explored

Service Learning in Public Policy Program

The Service Learning in Public Policy (SLiPP) Program looked towards a new field of study in FY17. The Economic Policy track was added to the program based on increased interest in the area of business and finance among high school students. SLiPP had seen a decline in participation for the Environmental Policy track and a new direction was needed. In its first year we saw 33% of participants select Economic Policy, up from the 10% of participants choosing Environmental in the previous year. The Legal and Public Health Policies remain strong.

Students participating in the Economic Policy track learned about the impact the economy has not only on the nation, but also on the community and the individual. Students explored issues such as governmental regulations on the economy, unemployment, underemployment, free enterprise and globalization. For the day of service students visited the Federal Reserve and volunteered at Philabundance. While helping to package food for local families in the community, participants saw the direct impact the economy has in terms of poverty and homelessness. We look forward to the Economic Policy track further strengthening our SLiPP offerings.

“I was so excited because I was about to see places I had only seen in my social studies class,” wrote St. John of the Cross 5th grader, G. Valladolid, upon arriving at Philadelphia International Airport from San Diego, CA.”

“I would like to personally thank you for allowing me to have the opportunity to come to this amazing program. Coming here has been a fantastic opportunity that has allowed me to further myself as a person as I learned things I can carry with me for the rest of my life. This experience will be something I will always remember.”

R. Venezia
Philadelphia, PA
An inaugural program for the U.S. Naval Sea Cadet Corps was developed and will be implemented in summer 2017. The program consists of aspects of both our Spirit of America Youth Leadership and History Encounters. The cadets will participate in the Freedom Summit and leadership workshops, including our Character Development Workshop based on the Medal of Honor. Tours of historic Philadelphia, Valley Forge Military Academy and the Battleship New Jersey also are included.

Student Programs by the Numbers

Diversity and Growth Characterize FY 2017

It was a very good year overall for the student programs. Over 2,300 fifth grade through college age students attended our civic education programs.

[Diagram showing program participation by group: 910 Spirit of America, 137 History Encounters, 426 Colonial Philadelphia 1-day Program, 888 BYU]
Philly entrepreneurs and philanthropists, Robert and Penny Fox were presented with Freedoms Foundation’s Distinguished Citizen Award. Since 1952, this prestigious award has been presented to those individuals and organizations that reflect the best of the American Spirit and cherish the highest standards of civic virtue. Mr. and Mrs. Fox were recognized for their many contributions, namely their endowment of the Fox Leadership Program at The University of Pennsylvania, The Wistar Institute, and their many positive economic contributions through RAF Industries.

Responsibility Leads to Character
Excerpt from a Youth Essay National Award Recipient
Real Americans take responsibility for themselves and their actions. They carry what they have learned from their mistakes and use it as a way to build their character. No person is flawless but the closest thing to it is someone who accepts the consequences of a choice and uses it to be a better person than they were yesterday. “The final forming of a person’s character lies in their own hands” (Anne Frank).

one of the top 2017 essay recipients
Jane L. M., a high school junior from Sacramento, CA

The National Award (George Washington Honor Medal) has recognized about 57,000 citizens from all 50 states.
We honor acts of civic virtue...

Leavey Class of 2016 Honored
Seven Free Enterprise Education Programs Recognized

The 39th Annual Leavey Awards were presented in Washington, DC, on December 2-3, 2016. Freedoms Foundation and the Thomas and Dorothy Leavey Foundation honored 7 free enterprise education programs and their 12 coordinating teachers. This marked the second year that the Leavey Awards partnered with the National Council for the Social Studies at its Annual Conference. Leavey Recipients were able to network at the conference as well as present their projects to their fellow educators during two open sessions.

The weekend was highlighted with a formal reception honoring the recipients with fine food, music, and a stellar view of the Capitol. The awards were officially presented at this event by Freedoms Foundation President Michael Di Yeso and Leavey Trustee John McCarthy. The following day the recipients were recognized in front of their peers at a luncheon featuring keynote speaker Katlyn Grasso, Founder and CEO of GenHeration. Katlyn is a young entrepreneur and advocate for teaching girls how to be leaders in business and in life.

Medal of Honor Grove Update

Fourth Section of Grove Pathways Resurfaced

Thanks to the Friends of the Medal of Honor Grove, who in June 2011 assumed the privilege of maintaining the Grove, and the support of generous donors, most notably the Medal of Honor Foundation, substantial improvements continued to be made. The most significant improvement during the year was completion of the fourth section of pathway resurfacing.

Through the Friends, "Adopt an Acre" maintenance program, 25 of the 52 sites have been adopted. Projects by Eagle Scouts included restoring the brickwork in several acres. The Immaculata University First Year Experience Service Group began a QR Code project to be added to each site that will make the Grove an interactive experience when completed. Local companies held service days in the Grove, washing obelisks and reinstalling ground plaques along state site walkways. Recipients' names are added to obelisks and new ground plaques installed yearly as they are awarded. Wreaths Across the Grove continues as volunteers donate the wreaths and join the Friends to put them on each site in December. Hundreds of hours of service were provided by over 400 volunteers.

Grove Tree Planting

59 Native Species Trees Planted in Grove

As part of a grant from the Commonwealth of Pennsylvania and Philadelphia Horticultural Society, Freedoms Foundation received 59 native species trees. Under the guidance of Freedoms Foundation’s Director of Graduate Education, Dr. Gene Halus, students from Valley Forge Military Academy, Renaissance Academy, and Overbrook ROTC on Veterans Day 2016 assisted in planting the trees in the Medal of Honor Grove.
In April of 2017, the Medal of Honor Grove became protected through a conservation easement. This placement was through an effort of the Freedoms Foundation, in cooperation with Schuylkill Township, Chester County, and Natural Lands Trust. The Grove is the oldest living memorial dedicated to Recipients of the Medal of Honor and this easement ensures that it will be preserved for perpetuity.

Thomas Kelley, President of the Congressional Medal of Honor Society stated, "In October 1964, over 100 Medal of Honor Recipients came to participate in the dedication of the Grove, bringing to bear the significance of its vision. It’s been over 50 years since that day and the Grove is just as important now as it was then, perhaps more so. I can’t be more pleased that this easement will secure its preservation and its tribute for generations to come."

The sprawling Grove makes up the majority of Freedoms Foundation 72-acre campus, paying tribute to Recipients through memorials and obelisks located on land set apart for each of the fifty states and two U.S. territories. This historic part of the campus is noted for its walking trails, woodland beauty, and peaceful reverence befitting the recognition of those it honors.

Ongoing maintenance and beautification of the Grove has been through the commitment and efforts of a nonprofit, volunteer organization known as the Friends of the Medal of Honor Grove. Founded in 2011, the small nonprofit has raised funds and organized volunteers to improve, enhance, and maintain the dignity of the Grove.

We honor acts of civic virtue...

FUTURE FORWARD

Deb Woolson
Director of Community Relations, Curator of MOH Grove

The final section of repaving the pathways in the Grove will be completed before Fall.

We look forward to the installation of the West Virginia & Oklahoma obelisks in the coming year.

Due to the age and overall health of many of the trees, there will be an ongoing effort by the Friends of the Grove to remove those dead and diseased. Another grant from the Commonwealth of Pennsylvania and Philadelphia Horticulture Society is expected that will help significantly to replace those that are removed.

Through a generous donor, flag poles will be installed in the fall to fly the state and territorial flags at each obelisk.

The Spring cleanups will begin new beautification efforts in the Grove.

FREEDOMS FOUNDATION
A Year of Accepting the Challenge of Responsible Citizenship

The volunteer chapters continue to do great things in their communities and FY2017 was no different. Besides participating in the various Foundation programs, our volunteers have gone above and beyond with their additional mission driven activities.

The Broward County Chapter runs the Boyce Ann Bryant Change = Change Scholarship program, which raises money for two college scholarships for local students. The San Diego Chapter sponsored the Flag Day Celebration at the USS Midway Museum, where different sponsored students have been guest speakers sharing their experiences at Spirit of America. Both the Greater Cincinnati Chapter and Pensacola Chapter honored veterans during their annual Veterans’ Day event (Cincinnati) and MIA/POW luncheon (Pensacola).

Many chapters including Los Angeles, Oklahoma, and Dallas Area, also accept the challenge of educating their communities by welcoming guest speakers at meetings and events. The San Diego, Sacramento, and Chattanooga Chapters hosted their yearly student forums, which focus on teaching the Constitution to young people.

Golden Anniversaries
Two Volunteer Chapters Celebrate Milestones

Both the Orange County and San Diego Chapters celebrated the 50th anniversary of their charter during fiscal FY2017. Over the last five decades, both chapters have been strong and active through nominating and presenting recipients with the National Award (George Washington Honor Medal), sponsoring student and teacher scholarships, and furthering the mission of Freedoms Foundation in their communities.
We challenge all to get involved...

National Volunteer Chapters Conference
48th Annual Event Brings Attendees from Across U.S.

September 2016 marked the 48th annual National Volunteer Chapter Conference: A Conference for the Chapters, by the Chapters—Developing the New Age of Volunteer Chapters. Over 40 volunteers traveled from around the country to our Valley Forge campus for an event packed weekend of fun and chapter development seminars. During the annual Red, White, and Blue banquet & awards ceremony, the Sacramento Chapter was awarded 2016 Chapter of the Year for their outstanding efforts, including growing their chapter, creating corporate partnerships, and organizing educational student events in their community.

San Diego chapter member and former secretary to President Nixon, Marje Acker was awarded the Spirit of ’76 Lifetime Achievement Award for her lifelong passion of giving back and her remarkable career. In 2013, Marje reached a lifetime milestone of logging over 11,500 volunteer hospital hours. From being an active member in the chapter to participating in countless other noteworthy organizations, Marje is a true leader and patriot.

The late Arthur Russell was awarded the William O. Perry Volunteer of the Year Award and it was accepted by his loving family. With the help of headquarters and selected friends, Art was able in just a few years to bring the Valley Forge Volunteer Chapter back to life. Even through his declining health, Art worked tirelessly to build a new foundation for this chapter. His hard work and passion for our mission helped invent the chapter.

In 2017, our volunteer chapters sponsored over 300 high school students from around the country to attend Spirit of America Youth Leadership Programs.

Nearly 150 recipients were nominated by our chapters for the National Award (George Washington Honor Medal).

Further, our chapters organized 16 award ceremonies held across the country to celebrate these acts of civic virtue.

I am excited for what 2018 holds for the volunteer chapters, including National sponsored chapter websites. I look forward to seeing the above numbers increased this year not only because of the hard work of our dedicated volunteers, but also because of the initiatives being incorporated at National to support our chapters more than ever before. 2018 will be an exciting year of change and progress for our chapters and our mission.
Unique Source of Funding

Pennsylvania’s Educational Improvement Tax Credit

The Commonwealth of Pennsylvania, through its Educational Improvement Tax Credit Program, gives state tax breaks to businesses that make contributions to approved educational improvement organizations in the state. A business making a one-year commitment receives a 75% tax credit and can receive a 90% tax credit for a two-year commitment. Freedoms Foundation’s Spirit of America Youth Leadership Program and Service Learning in Public Policy received $33,000 in funding from this initiative which enabled over 50 Pennsylvania high school students to participate in these programs.

Partners in Education

85% of Student and Teacher Program Costs Funded

Through our affiliations with like-minded organizations and foundations, 85% of the tuition of students and teachers participating in our American history and civic education programs was provided by funding from our partners in education. Many of them also underwrite all or a portion of the travel costs, mainly to and from the Freedoms Foundation campus in Valley Forge but to some other locations as well.

The Guardian of Democracy: The Civic Mission of Schools reported “The United States suffers from a civic empowerment gap that is as large—and potentially destructive—as the overall academic achievement gap.” It is because of these funders’ commitment to education that the civic literacy of nearly 40,000 youth, directly or indirectly through teachers, increases an average of 20% after participation in a Freedoms Foundation program annually.
Annual Fundraiser Event Meets Goal
Helps Fund 350 Teacher Scholarships

An Evening with Freedoms Foundation: Celebrating Teachers, Character, and the Medal of Honor took place on April 27 in the Freedoms Foundation Galleria. The annual event recognizes the contributions of teachers, civic leaders and Medal of Honor Recipients while raising funds for 2017 graduate program scholarships. Four Medal of Honor Recipients – Major General Patrick Brady (Vietnam), Captain Thomas Kelley (Vietnam), Colonel Walter Marm, Jr. (Vietnam), and Senior Chief Special Warfare Operator Edward C. Byers, Jr. (Afghanistan) appeared as special guests of Freedoms Foundation in support of an ongoing partnership between the Congressional Medal of Honor Society and Freedoms Foundation to promote character development and social studies (civic) education.

Freedoms Foundation’s 2017 teacher scholarships provide recipients with summer graduate-level professional development. These programs focus on American history, character development, and civic education. The goal is to support teacher curricula that foster citizen engagement among young people. Keynote for the evening was 2016 VFW Teacher of the Year Will Ellery, an American history teacher who has been recognized for studying the sacrifices of America’s veterans, from the founding of the Republic to the present, and integrating the lessons they provide into his instruction. His efforts have resulted in numerous awards from major universities and veteran organizations.

“The money raised from this event will allow us to host 350 teachers, and through them, reach as many as 35,000 students in the next school year. That is a significant impact in extending the Freedoms Foundation mission.”

Jason Raia
Executive Vice president

2018 Goals
A Look Ahead

With the continued expansion of our civic education programs and an aging physical plant, the overall goal is to increase our level of support.

The steps we will take to achieve this objective are:

- Reach out to organizations currently not a partner
- Increase the number of grant submissions
- Grow the number of individual donors
- Identify new sources of funding
- Continue to reconnect with student alumni.

Freedoms Foundation is fortunate to have loyal supporters and very dedicated members of its Volunteer Chapters. It is our goal to establish contact with every donor to strengthen our relationships and let them know how important they are to our organization.

Freedoms Foundation at Valley Forge is most grateful for the support received from our donors. While every effort has been made to correctly identify donors, please accept our apologies if your name or organization has been misspelled or omitted. If you call the Development Office at 610-933-8825, ext. 210 we will gladly correct our records.

If you would like to learn more about how to contribute to Freedoms Foundation at Valley Forge and our programs, please call 610-933-8825 ext. 210 or visit our website at: www.freedomsfoundation.org.

The official registration and financial information of Freedoms Foundation at Valley Forge may be obtained from the Pennsylvania Department of State by calling toll free within Pennsylvania, 800-732-0999. Registration does not imply endorsement.

THANK YOU

To our donors, partners, volunteers, and staff
